Dear Parents and Carers,

What strange times! We sincerely hope you and your families are all keeping well.

Our team has been working hard at reviewing the ever-changing guidance and advice from both the Government and EYFS, and using this to inform our risk assessments and how we meet the needs of our children and families. We would like to thank you all for your support, patience and feedback during this challenging time. We would also like to thank Michelle and Emily in particular for their steadfast and thorough approach to all the challenges faced by AANS around COVID-19.

Every parent/carer should have received an important email from AANSManager@abbottsannnurseryschool.onmicrosoft.com containing information around your child/ren returning to AANS. Please seek it out and advise us immediately if you have not received a copy.

Stay safe and with best regards,

The AANS Staff and Committee
